

**Clay Chalkville Middle School Rising Seventh and Eighth Grade
Online Course Selection
2019-2020**

We are beginning a new adventure in course selection this year at Clay Chalkville Middle School. For the first time, our students will select their courses online through the Inow/Chalkable portal. We are posting course information and selection choices on our website www.jefcoed.com for students and parents to view and discuss course selections for next year. Go to the tap that indicates *Select a School*, scroll down to Clay Chalkville MS and it will direct link you to our webpage. This information will be available beginning Tuesday, February 5th 2019.

Please visit our website to read information about courses available and assist your child in finalizing their elective choices for next year.

If you wish for your child to be considered for an advanced/accelerated class(es) please complete the permission on the back of this letter and return to their Social Studies teacher by **FRIDAY, FEBRUARY 8TH. If we do not receive this form, students will not be considered for advanced/accelerated classes and will be in regular classes next year.**

Advanced/Accelerated classes will be added to student schedules after the applications have been reviewed. **FINAL PLACEMENT WILL BE BASED ON GRADES AND PERFORMANCE SERIES TEST SCORES.**

During the week of February 11th, students will go online during their social studies classes to make their course selections. School staff will assist students in working with the online program. When students open their course selection page, they will see that regular math, English, science, social studies, and PE courses have already been added to their requests. Selection of elective courses will be completed during this class time.

Once students have entered their requests, parents can view and make revisions to elective choices, as necessary. Those revisions will only be possible, through INow, from February 15th through February 20th. To review your student's choices follow the procedure below:

- Ø Log in to the INow system. Students created new passwords when they made their selections
- Ø On the left, click on Requests. Here, you will see the current course requests.
- Ø You may add or delete elective courses as parents and students see fit.
- Ø Once you are in agreement with the course selections, log out.

If you have questions/concerns or do not have access to the internet, please call 205-379-3100 and speak with Ms.Thim or Mrs. Willingham.

Thank you for your support! Go Cougars!!!

**Rising Ninth Graders for Clay Chalkville High School
Online Course Selection
2019-2020**

We are beginning course selection for next school year. For the first time, our students will select their courses online through the Inow/Chalkable portal. On Friday, February 1st the counselors from Clay Chalkville High School visited with our current 8th grade students. During this time they assisted students in selecting electives online and starting their high school adventure.

The counselors announced that there will be a parent meeting on February 12th at 5:30 at CCHS. We encourage you to attend this meeting as there will be information about elective choices and other pertinent information about your student preparing for high school.

The high school has posted course information and selection choices on their website www.jefcoed.com for students and parents to view and discuss course selections for next year. Go to the tap that indicates *Select a School*, scroll down to Clay Chalkville HS and it will direct link you to their webpage.

If you have questions please call 205-379-3050 and speak with one of the high school counselors.

Thank you for your support! Go Cougars!!!
