

# Clay-Chalkville Course Selection Parent Meeting

---

April 8, 2021

# Course Selection

The QR code will lead you to the Google Form that we are using this year for student course selection. All 7th and 8th grade students are required to take math, English language arts, science, social studies, physical education, and one elective course.

What electives are  
offered for my student?

## Family and Consumer Science

The Family and Consumer Science classes offered at CCMS are FCS Explore, Teen Discoveries, and Teen Connections. These classes allow students to learn life skills and explore a variety of topics related to Personal Discoveries, Clothing, Child Care, Housing, Consumerism, Food and Wellness, and Technology and Careers. Hands-on activities and experiences conducted in the classroom and laboratories are important components of this class.

## Business Essentials

Business Skills Development is an elective course that further develops the students business and technology skills.

Workplace skills, personal and professional growth are key focuses within this class. Students will create business projects, documents, and forms all while learning about careers, essential soft skills, interpersonal skills, and personal finance concepts. Projects and simulations will drive the class and help students develop the workplace and life skills needed to be successful.

## Health Science

Health Exploration is an elective course designed to introduce students to career opportunities available in the health care system in a fun and interactive way. This course combines health care knowledge and academics to provide a framework for progression to future jobs in the healthcare setting. This course is recommended for students who want to prepare for further health-related courses offered in high school and at the postsecondary level.

## Computer Essentials

Business Education classes offered at CCMS are Computer Essentials, Technology Education and Computer Science. In these classes students learn various aspects of working with computers. Computer Essentials and Technology Education introduce students to word processing, spreadsheets, presentation software, databases and internet research. Computer Science introduces students to the world of coding and helps them gain an understanding of how to create images, websites and apps by using computer code.

# Art

In art student will learn about famous artists, and styles of art. They will have opportunities to create their own art using different modes of expression including drawing, painting, and sculpting.

CLAY-CHALKVILLE

MIDDLE SCHOOL BAND

You have the  
opportunity to  
join the CCMS  
Band!

# We want YOUR STUDENT to be a part of the award-winning Clay-Chalkville Middle School Band

Band gives students the opportunity to:

- Learn to play an instrument and read music
- Learn to work as a self-disciplined and responsible part of a team
- Prepare to win group and individual awards (including college scholarships)
- Perform in band concerts and competitions
- Visit colleges and universities to perform in honor bands
- Travel to venues around the Southeast to perform

# We want YOUR STUDENT to be a part of the award-winning Clay-Chalkville Middle School Band

Students will need the following for band class:

- Instrument (parent provided or rented from school depending on instrument)
- Band Book (includes music to be studied in class)
- Band uniform for performances

Band is an investment in your child's future that can pay off in many ways.

ALL of our CCHS Band seniors receive college scholarships, many for full tuition.

If your family is having financial difficulty, please let us know.

We have many ways to help make this great opportunity possible for your student.

We do not want any kid to miss out on band because of cost.

We want YOUR STUDENT to be a part of the  
award-winning Clay-Chalkville Middle School Band

If you have any questions, please email the band directors.

We will be happy to help in any way possible.

# Parent Survey

Each year we ask parent to fill out a survey about our school. This survey is tied to our federal funding, which provides many resources for our students. We ask that you please fill out our survey this evening after the meeting so we can get as much parent participation as possible.
