Dear Parents and Guardians,

As we begin planning for the 2019-2020 school year, your student(s) will begin the course selection process. This year our process will be more accessible to you in iNow. Over the next few weeks, course opportunities and requirements will be discussed with students. Together with your student, you will request the courses best suited for them for next year.

This year our students will work with school staff to enter their requests directly into our iNow system. Once the requests have been entered, you can view the requests. The home portal will be open **2/21-2/28** for you to view the requests. Please take a moment to ensure that you agree with your student's choices and that he/she is aware of next year's plan by utilizing the following steps:

1. Log into the iNow system. If you do not have your login, please contact your students' school.
2. At the top right of the screen, choose the **2019-2020 Academic Session**.
3. On the left, click on **Requests**. Here you will see the current course request options. They are all registered for their standard core classes. Honors letters will go out later this year.
4. You will need to select **one elective** and enter it into iNow. **Please use the course selection sheet provided and rank the elective choices 1-5 as the directions state.** Just a reminder that only ONE needs to be entered into iNow.
5. Once you are in agreement with the course selection, log out.
6. The forms are due *no later than Thursday, 2/28*. Please read the directions on the course selection sheet for further instructions if the forms are turned in late.

We are excited about the new process and know that our students will need this ability to register online as they continue in his/her secondary and postsecondary education. We are also thrilled to have your student attending McAdory Middle School next year! Please feel free to contact us if you have any questions/concerns about the process. If you do not have access to the internet, please call your students' school for further assistance.

Thank you for your help in this process!

Sincerely,
Julie McAlister
Principal
