

2021-2022
**Warrior
Elementary**
CIP at a Glance

Vision

Our students will be productive life-long learners that are prepared both academically and socially for their future.

Mission

At Warrior Elementary School, we strive to prepare our students to become knowledgeable and productive life-long learners in a rapidly changing society.

Critical Initiatives

Increase Math and Reading Achievement

At Warrior Elementary School, we want to increase reading and math achievement in all K-5th students. In order to reach this goal we plan to do the following:

- All teachers trained on iReady and Ready Math and Reading
- School-wide implementation of iReady diagnostics in the area of math and reading for grades K-5
- Master schedule to protect and utilize times for teacher collaboration and student intervention
- Allocating personnel to provide coaching support and data analysis of math and reading instruction and student performance

Increase Academic Gains in Exceptional Education Students

At Warrior Elementary School, we want to increase the academic gains in our exceptional education students. In order to reach this goal we plan to do the following:

- Exceptional education students are monitored through PST
- Create an ATSI plan, monitor, and adjust instruction based on PST data meetings
- Training for a campus wide plan for how students will be assessed
