INTRODUCTION
The Jefferson County Board of Education believes in the ability of all students to learn and grow. The Board hopes to nurture a friendly, inclusive atmosphere in which students and school personnel work cooperatively toward mutually recognized and accepted goals. Ultimately, the goal of the Board of Education in outlining our expectations is to provide clear, consistent guidelines and procedures to maximize student learning. We implement a three-tiered framework of support both academically and behaviorally. In the event that students require additional support in one or both areas, we provide high quality instructional strategies and interventions in order to maximize learning opportunities for all students.

As students progress in our public schools, it is reasonable to assume that an increase in age and maturity will result in the students assuming greater responsibility for their own actions; however, the procedures identified in this document shall apply to all students in grades K - 12.

JURISDICTION OF THE SCHOOL BOARD
Jefferson County Board of Education students and their property are subject to all the rules and regulations of the Jefferson County Board of Education during the school day, during school-sponsored activities, while on or in School Board property and facilities, while being transported on school buses and at times and places including, but not limited to, school-sponsored events, field trips, athletic functions and other school-related activities. All regulations and prohibitions also apply to automobiles and other property brought onto Board property. In addition to the foregoing, application of this Code of Student Conduct may be extended to the immediate vicinity of the school, and during after-school hours when and where student conduct could have a detrimental effect on the health, safety, and welfare of other students and the school or where the conduct could otherwise disrupt the educational process.

The Student Handbook and Code of Student Conduct may be applied to students involved in off-campus conduct or activity which threatens to interfere with the provision of instructional or educational services, to disrupt the school environment or which otherwise adversely implicates the school’s legitimate educational or administrative interests.

SCHOOL ATTENDANCE
Regular and punctual attendance is essential to a student’s academic success and is required by state law. School attendance is the responsibility of both the parent and student. Regular and punctual attendance at school includes arriving at school on time and remaining for the entire school day unless an excuse is provided to school officials.

Jefferson County Schools, like all public schools in the state of Alabama, are evaluated, in part, on student attendance. Each school is assessed by the number of students who are chronically absent under the current state definition. Accordingly, students should be present at school each day except when absence is absolutely necessary.

Makeup Work
A student may only make up work that is missed due to an excused absence. Makeup work must be completed as soon as possible after the student returns to school but not later than three (3) days after returning unless specific arrangements have been made by the teacher. When a student is out for an extended length of time, the student should collect, complete, and turn in work weekly unless the nature of the absence prevents the student from doing schoolwork during that time. It shall be the responsibility of the student or student’s parent(s) or custodian(s) to arrange with each teacher to make up work. A teacher may require the student to make up work after school hours, in which case advanced notice will be given to allow the student to arrange necessary transportation.

Attendance and Participation in Extracurricular Activities/ Sports
A student may not participate in extracurricular activities, including but not limited to athletic events, that occur on a school day unless the student is present at school for at least half of the school day, except in emergency or necessary situations as determined by the principal.
Permissible Absences
Absences may be excused for the following reasons:
1. Student illness;
2. Inclement weather which make it dangerous to attend school;
3. Legal quarantine;
4. Death in the immediate family;
5. Emergency conditions as determined by the principal or superintendent;
6. Observance of a traditional religious holiday of local, national, or international origin when verified by the student’s minister or religious leader.

Any other absence not falling into the categories listed above or otherwise excused by the principal or superintendent or his or her designee will be deemed unexcused.

For each absence, a parent or custodian must provide an excuse within three (3) days of return to school following the absence. Failure to furnish such an excuse results in the child being considered truant for each day of the absence (Alabama Administrative Code, §290-3-1-.02(7) (c)). An excuse must include a signed, written statement from the parent or physician stating the reason for the absence and must include the student’s name and the date(s) of the absence(s).

An absence will be considered unexcused under any of the following circumstances:
● Failure to provide an excuse based on a reason described above within three (3) days of return to school. For purposes of this three (3) day period, the day the student returns to school will count as the first (1st) day.
● Absence for any reason other than the excusable absences as listed above except in special circumstances as determined by the principal, superintendent, or his or her designee.
● Absences for any reason as explained in a parent note after seven (7) days have been excused by parent note during the school year. Only seven (7) days per school year may be excused by parent note. Any absences thereafter will be unexcused unless excused by a physician’s note or by permission of the principal.

Failure Due to Excessive Absences
Excessive absences from school or from a class may subject a student to retention in the same grade for the succeeding school year or the denial of credit in a course. Any student who has been chronically absent by the state’s current definition in a class or course lasting an entire academic year, may be denied credit in the course or retained in a grade. For semester-length courses, failure due to excessive absences is based on missing fifty percent (50%) or more of the current state definition of chronic absenteeism. If the state defines chronic absenteeism as eighteen (18) or more absences, the denial of credit may result if the student has nine (9) or more absences from a semester-length course. If the state defines chronic absenteeism as fifteen (15) or more absences, eight (8) or more absences from a semester-length course may result in the denial of credit.

Attendance and Driver’s License
For any student between the ages of fifteen (15) and nineteen (19), the local school must complete an enrollment form for the student to obtain a driver’s license. The school will not complete the enrollment form for any student who has ten (10) or more consecutive unexcused absences or fifteen (15) or more unexcused absences during the semester. Additionally the school will notify the Department of Public Safety as required by state law (Code of Alabama, 1975 §16-28-40 through §16-28-45) in the event that a student who has been issued a driver’s license is absent to the same extent, resulting in the suspension of the student’s driver’s license.

Early Warning and Referral to the Jefferson County Family Court
Under Alabama law, (Alabama Administrative Code, §290-3-1-.02(7) (c), seven (7) unexcused absences within a school year results in the student being considered truant for purposes of filing a petition with the court.
Prior to the filing of a petition against a student or parent/custodian, the student will be referred to the Early Warning Program. Early Warning is a joint effort between the Jefferson County Family Court Truancy Intervention Program and the Jefferson County Board of Education to inform and advise parents and their children of the attendance laws in the state of Alabama and the manner in which they will be enforced in Jefferson County.

Should attendance issues continue when a student has already been referred to Early Warning at any time in any year, whether or not the family attended the session, the next step in court is the filing of a petition against either the student or parent(s)/custodian(s). The Jefferson County Family Court takes the filing of a petition for truancy seriously and is committed to holding parents and students accountable for school attendance. If a petition is filed, the student and parent will have a court date set and the judge will determine what conditions or consequences are to be given. Among other consequences, the court may place a student or parent on probation and may require drug screening, a curfew for the student, attendance at parenting classes, a fine or jail for the parent, or any other consequence the judge believes is appropriate.

**Tardies**

Being tardy to school greatly affects student success and routine. Tardies include late arrivals to school and early checkouts. The school may impose disciplinary procedures for excessive tardies as detailed in this code. A parent may excuse up to seven (7) tardies per year for the same reasons an absence may be excused. Any tardy after seven (7) have been excused by parent note will be unexcused unless excused by a physician or the principal.

While checkouts from school are discouraged by the Board, necessary checkouts must be processed through the school’s office by the parent. The Board encourages that appointments not of a critical nature be scheduled for times and days when school is not in session. Checkouts are considered excused for the same reasons as excused absences. An unexcused checkout will be treated as a tardy. A student may not make up work that is missed due to an unexcused tardy, check-in or check-out.

**RESPONSIBILITIES OF PARENTS OF STUDENTS IN JEFFERSON COUNTY SCHOOLS**

- To enroll children between the ages of six (6) and seventeen (17) in either a public, private, or church school or to have the child instructed by a private tutor;
- To require any child enrolled to regularly attend school or to be regularly instructed by a tutor;
- To compel the child to properly conduct himself or herself as a pupil and;
- To be responsible for giving accurate and up-to-date information regarding legal addresses and contact information to school officials. Giving false information to Public Officials in the performance of their duty is a violation of the Criminal Code of Alabama §13A-10-109(a).

**CHANGE OF RESIDENCE**

Parents are required to provide to the school board accurate residency information so that the Board may meet its obligations under state and federal law. Accordingly, when a student’s address changes during the school year, parents should notify the local school immediately and must complete the Board’s change of address form if moving out of the school zone. A student whose family moves during the school year may be provided the opportunity to stay in his/her current school for the remainder of the school year if the student and his/her family meet the required guidelines and timely submit a completed Change of Address form. The guidelines can be found in the Attendance Zone and Transfer Information section. A Change of Address form is required and may be obtained at www.jefcoed.com. Tuition will be required for students moving out of the Jefferson County School District who wish to finish the school year at their current school.

**DRESS AND GROOMING GUIDELINES**

The Board’s dress and grooming guidelines are intended to promote and foster an appropriate educational environment by minimizing unnecessary distractions and permitting students to focus on academic progress. The following mandatory guidelines are designed to further that intent:
1. Hats, caps, hair picks, bandanas, visors, and sunglasses must be removed and placed in the locker or designated area and remain during the school day.

2. Earrings may be worn. Except for the normal piercing of the ears and wearing of earrings that do not distract or draw unnecessary attention, the wearing of other body piercing jewelry is not allowed, including but not limited to the tongue, nose, or eyebrow. Band-Aids may not be worn to conceal unauthorized jewelry. Materials such as plastic or wooden sticks or clear loops may not be worn to keep new piercings open during the school day. If it is determined by a school principal or designee that allowable earrings or jewelry worn by a student may become a safety hazard in an activity such as physical education, science laboratory, athletics, etc., the student shall remove such ornamentation.

3. Students are to wear clothing in the manner for which it is designed. Pants must be worn at the waist.

4. Sun dresses and backless dresses or tops will be worn with a jacket or appropriate covering. (Jacket or covering may not be sheer or mesh).

5. Cutoff tops, tank tops, and mesh tops can be worn if a T-shirt with sleeves is worn underneath or another shirt is worn over the top. (Cover shirt or undershirt may not be sheer or mesh).

6. Back, chest, and midriff must be covered.

7. Bracelets, belts, and other clothing and accessories with spikes, studs, or chains are not allowed.

8. Insignias, buttons, and clothing which are suggestive of wine, beer, whiskey, tobacco, vulgarities and violence, are drug-related, or are demeaning to other persons may not be worn at school.

9. No open holes in pants above the knee.

10. Clothing must be worn over leggings/jeggings or tights and must be of appropriate length (no shorter than mid-thigh)

11. Articles of clothing must be appropriate for school wear. Skirts, dresses, and shorts may be no shorter than four inches above the top of the knee, except that students in Grades K-3 may wear shorts appropriate for school. Slits in skirts must meet the four inches above the knee regulation.

12. Shoes appropriate to the school setting, with student safety the primary concern, must be worn at all times.

13. Book bags/backpacks and athletic bags must be placed in the locker or designated area and remain there during the school day. Back packs/book bags may not have wheels unless written approval is given by a physician due to medical reasons.

See Student Code of Conduct for consequences of not adhering to the Jefferson County Schools Dress Code 1.08

RESPONSIBILITIES OF STUDENTS AND STUDENTS’ RIGHTS
• Students are entitled to exercise rights secured to them under the First Amendment to the United States Constitution, including the right to freedom of speech, religious expression, and assembly, subject to the imposition of reasonable restrictions on the time, manner, and place of such activities.

• Students are expected and required to know and follow the rules and procedures as set forth in this Student Handbook and Code of Student Conduct; to show respect for the person, property, and rights of fellow students, faculty, and staff, and other persons with whom they come into contact as students, and to attend school in accordance with state law and Board policy.

STUDENT PUBLICATIONS
School-sponsored publications may be used as educational devices developed as part of the curriculum primarily to benefit those who compile, edit, and publish them. School publications may also be extracurricular activities.

Student publications may offer students the opportunity to share a variety of viewpoints; however, all publications must conform to the basic educational goals of the school. Accordingly, local school officials
will retain final editorial control over the style and content of student publications. Local school officials and the Board may promulgate distribution standards and may govern the time, place, and manner of the distribution of the publication. No publication which causes substantial disruption of or interferes with school activities, school affairs, or the lives of others will be allowed.

**EXTRACURRICULAR ACTIVITIES**

Extracurricular activities are organized and supervised activities conducted under the auspices of the school system, the local school, or an element thereof, which primarily involve students in other than a classroom situation and for which no credit separate from an approved course shall be given toward graduation. By way of example, extracurricular activities may include, but are not limited to, athletics, school clubs and associations, some academic and scholastic teams, musical activities, theatrical activities, student government, student publications, and other activities. Participation in extracurricular activities is a privilege for students and is not a matter of right. Student participation in extracurricular activities may be restricted for any reason in accordance with state, federal and local law.

**SCHEDULE CHANGE FEE**

A change in schedule must be submitted in writing by June 1st. Changes will be made at the discretion of the local school administrator. Changes made after June 1st will incur a charge of $30.00 for high schools and $15.00 for middle schools.

**ADMINISTRATION OF MEDICATIONS AT SCHOOL**

Requirements of medication procedures should a student require Prescription or Over-the-Counter (OTC) medications while attending school or school activities are as follows:

- **All medications**, whether Prescription or Over-the-Counter (OTC), must be turned into the school nurse/office by the student’s parent/guardian or other responsible adult.

- Medications cannot be transported on the bus (except emergency medications and approved medications prescribed for self-administration and carry-on-person, with a medication authorization form on file at the school).

- **No student** will be permitted to carry or possess any type of medications, whether Prescription or OTC, on his/her person at any time (except emergency medications and approved medications prescribed for self-administration and carry-on-person, with a medication authorization form on file at the school). Students found possessing medication will be subject to disciplinary action under Section 3.07 of the Code of Student Conduct.

- Controlled Substances cannot be approved for self-administration or carry-on-person by a licensed prescriber. The quantity of medication acceptable to keep at school may be restricted and must be counted upon receiving.

- **Over-the-Counter (OTC)** medications require completion of a School Medication Prescriber/Parent Authorization form including the parent/guardian signature. The form is valid for a two-week period. If the OTC medication is required for longer than a two-week period, then a physician’s signature is required. The reason for administering must be complaint specific.

- For **Over-the-Counter (OTC-including cough drops, ointments, vitamins, chapstick)** medications, an unexpired, unopened, age appropriate, original manufacturer’s container is required and all manufacturers’ labeling must be clearly legible. The student’s name must be written on the container.

- **Prescription medication** will require a School Medication Prescriber/Parent Authorization form with the prescribing physician and parent/guardian signature. A physician must complete all applicable parts on the form. All instructions regarding administration must be specific and not dependent on the judgement or discretion of the school staff.

- If the **Prescription medication** order or dosage is changed during the school year, a new authorization form is required and both the physician and parent/guardians must sign.
For Prescription medications, a current pharmacy labeled container is required which includes the student’s name, physician name, name of medication, strength, dosage, time interval, and route. This includes inhalers and epi-pens.

Each parent/guardian is responsible for maintaining a record of the date and quantity of medication provided to the school and for replenishing the school’s supply when needed.

The schools will not supply any Prescription or OTC medication to staff or students.

All unused medications not picked up by parent/guardians by the last day of each school year will be discarded according to appropriate disposal guidelines.

Any student requiring medical procedures such as tube-feeding, diabetic care, urinary catheterizations, etc., must have the appropriate Prescriber/Parent Authorization form on file with the school nurse. If a student has a medical diagnosis requiring nursing care, please contact the local school nurse.

These medication procedures are developed with your child’s safety in mind. If you have any questions or concerns, please contact your local school nurse.

NON-SUFFICIENTLY FUNDED CHECKS

Jefferson County Board of Education will gladly accept checks. The following checks will not be accepted: post-dated checks, two-party checks, or hold checks. If a check is returned to Jefferson County Board of Education due to non-sufficient funds, the check will be turned over to the Jefferson County District Attorney's Office for collection.

COMPLAINT / GRIEVANCE

Subject to the limitations set forth in the Jefferson County Policy Manual (JCBE 4.6), any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.

SAFE AND DRUG-FREE SCHOOLS

The Jefferson County Board of Education is committed to providing a learning environment free from alcohol, drugs, controlled substances, and weapons. This Code of Student Conduct includes serious consequences for those who violate its provisions relating to drugs, alcohol, controlled substances, and weapons. The Board is sympathetic to assisting parents with the dispensing of both prescription and non-prescription/over-the-counter medications. Specific instructions concerning the dispensing of medications are available at the local schools. Failure to follow the local school directives can result in the student being disciplined under the Class III section of the Code of Student Conduct. The possession, use, sale, attempted sale, attempted possession, or any other involvement with tobacco, drugs, alcohol, controlled substances, or dangerous instruments will not be tolerated and will subject the violating individual to immediate disciplinary action up to and including expulsion for students, termination for employees, and other lawful sanctions for the general public. Violation of Board and State policies, rules and regulations involving tobacco, drugs, alcohol, controlled substances, weapons, dangerous instruments, or physical harm to persons may subject the student, parent, or other individual to criminal charges and a restriction from entering the public schools of the State of Alabama. In accordance with state law, the Board also strictly prohibits its employees, parents, visitors, agents, or any other person other than appropriate law enforcement personnel from possessing guns or firearms of any sort, deadly weapons, or other dangerous instruments on Board-owned or controlled premises or at any Board or school-related activity. Such prohibition applies not only to firearms, guns, deadly weapons or dangerous instruments carried by a person, but extends also to said prohibited items in automobiles, in personal items such as purses or backpacks, or otherwise in the actual or constructive possession of any person. Any violation regarding firearms will result in involvement by appropriate law enforcement authorities and may also result in expulsion from the school system.
See Code of Conduct for consequences in the event students do not adhere to this policy.

GIFTED EDUCATION IN ALABAMA

HOW IS “GIFTED” DEFINED IN ALABAMA?

Intellectually gifted children and youth are those who perform or who have demonstrated the potential to perform at high levels in academic or creative fields when compared with others of their age, experience, or environment. The children and youth possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor. *Alabama Administrative Code, §290-8-9-.12(1).*

HOW DO WE IDENTIFY GIFTED STUDENTS IN ALABAMA?

A student may be referred for consideration for gifted services by teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student’s abilities. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist. For each student referred, information is gathered in the following three areas:

- **Aptitude** - Aptitude should be accessed through an individual or group test of intelligence or creativity
- **Characteristics** - A behavior rating scale designed to assess gifted behaviors is completed by a classroom teacher.
- **Performance** - At least three indicators of performance at a gifted level must be submitted. These may include, but are not limited to, achievement test scores, grades, products, work samples, and/or portfolios.

The scores from the assessments/items used are entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

HOW ARE GIFTED STUDENTS SERVED IN JEFFERSON COUNTY?

In accordance with the *Alabama Administrative Code*, gifted students in Jefferson County are served as follows:

- **Grades K-2:** Accommodations are made in the general education classroom with assistance from the gifted specialist as necessary.
- **Grades 3-5/6:** Gifted students are pulled from the regular classroom to attend the gifted resource room for three (3) to five (5) hours per week.
- **Grades 6/7-8:** Gifted students are enrolled in at least one advanced core content course.
- **Grades 9-12:** Gifted students are served through advanced courses (including Advance Placement and International Baccalaureate), dual enrollment (where available), career/college counseling, mentorships and independent study.

Sexual harassment (including sexual assault), as defined by law, is a form of unlawful discrimination and will not be tolerated from employees, students, or other persons associated with the Board.

Sexual harassment that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences, up to and including termination (for employees) and according to the Code of Student Conduct (for students), as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be

b. Submission to or rejection of such conduct is used as the basis for decisions affecting the student’s academic performance, participation in school-sponsored activities, or any other aspect of the student’s education; or

c. Such conduct has the purpose or effect of unreasonably interfering with the student’s academic performance or participation in school-sponsored activities, or creating an intimidating, hostile, or offensive education environment.

Reporting – Any student who believes that he or she has been or is being subjected to any form of sexual harassment or has knowledge of sexual harassment involving other students should promptly report the matter to a teacher, counselor, assistant principal, principal, or other school official, who, in turn, should promptly apprise the Superintendent or the Compliance Officer of the reported incident.

The investigation should be initiated promptly and normally be completed within sixty (60) days. However, if either law enforcement or a child welfare agency is involved, the investigation may be stayed until the completion of their investigation and prosecution.

3. Notification – The complainant and subject of the complaint will receive written notification of the outcome of the investigation.

4. Action – If there is a finding of sexual harassment, the Board will take remedial action as necessary to address and resolve any found incident of sexual harassment and to take steps to prevent the recurrence of any discrimination.

5. Review by the Superintendent and the Board – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. In such case, the Board will render a final decision as soon as practicable and in no event later than 60 days.

Confidentiality – To the maximum extent possible, the Board will keep the complaint and investigation confidential. Complete confidentiality cannot be guaranteed.

Retaliation Prohibited – Title IX prohibits retaliation against any individual who files a complaint or participates in a complaint investigation.

Providing False Information – Any student who falsely and in bad faith accuses another of sexual harassment or who otherwise knowingly provides false information regarding sexual harassment shall be subject to appropriate disciplinary action in accordance with the Code of Student Conduct.

Penalties for Violation:

To constitute bullying, a pattern of behavior may do any of the following:

- Place a student in reasonable fear of harm to his or her person or damage to his or her property;
- Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student;
- Have the effect of substantially disrupting or interfering with the orderly operation of the school whether the conduct occurs on or off school property, online, or electronically;
- Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function; or
- Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

b. “Hostile environment” means the perception by an affected student that the conduct of another student constitutes a threat of violence or bullying and that the conduct is objectively severe or pervasive enough that a reasonable person, under the circumstances, would agree that the conduct constitutes bullying, threat of assault, or assault.

c. “Violence” means the unjustified infliction of physical force by a student with the intent to cause injury to another student or damage to the property of another student.

b.    - Disability

Section 4. Consequences for Violations

A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under authority of this policy.

Section 5. Reporting, Investigation, and Complaint Resolution Procedures

a. Complaints alleging violations of this policy may be made on a Board-approved complaint form available in the handbook, on the website, or at the school’s office. The complaint must be delivered to the principal or the principal’s designee either by mail or personal delivery. Incidental or minor violations of the policy may be presented and resolved informally.

The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal’s designee is authorized to inform the student’s parent or guardian of the report unless at the discretion of the school principal or the principal’s designee the apparent cause of the threat of suicide is child abuse or other significant harm from a parent or guardian.

b. Upon receipt of the complaint, the principal or the principal’s designee will determine if the complaint alleges a serious violation of this policy. If the principal or the principal’s designee determines that the complaint alleges a serious violation, the principal or the principal’s designee will undertake a reasonably prompt investigation of the complaint. The investigation will entail the gathering of relevant facts and evidence taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions may be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violations(s) may also be imposed by the principal or the school system.
c. Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation may be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy may be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

Section 6. Promulgation of Policy and Related Procedures, Rules and Forms

This policy and any procedures, rules, and forms developed and approved to implement the policy will be published on the website of each local board of education and school, shall be available at each school office, and shall be included in the student handbook that is distributed to each student at the beginning of each school year.

Section 7. Construction of Policy

This policy is supplemental to other Board policies and procedures and does not repeal, replace, or supersede any other prohibition on bullying, violence, threats of violence, or intimidation found elsewhere in Board policy or procedure, including the Code of Student Conduct. This policy shall not be construed to allow bullying, violence, threats of violence, or intimidation for any reason not specifically listed in this policy or to prohibit the Board from disciplining students for acts of bullying, violence, threats of violence, or intimidation not specifically listed herein. Students who engage in bullying, violence, threats of violence or intimidation not specifically covered by this policy may be subject to appropriate disciplinary action in accordance with the Code of Student Conduct.

COMMUNICATIONS
The Jefferson County Board of Education and its employees may notify parents/custodians, and students of
information through electronic or written communications. Although the Board may elect to use various
methods of providing those communications to parents and custodians, it is the ultimate responsibility of
each student to notify his or her parent or custodian of all communications provided to him or her by the
Board or a school. A failure to do so may result in disciplinary action against the student.

DIGITAL LEARNING
The Jefferson County Board of Education may utilize the Internet and other computer resources to enhance
the educational experience for students and for more efficient operation of its schools. Access to computers
and other technology resources may be offered and used for permissible purposes only and such access and
use will be restricted. The Internet and the Board’s technology should promote educational growth, and each
student must agree to use the Board’s technology appropriately by reviewing, agreeing to and abiding by the
Board’s Acceptable Use Agreement for Students as a condition to that access. The Jefferson County Board
of Education (the “Board”) is pleased to provide network and Internet access to students. In exchange,
student cooperation in exercising and promoting responsible use of this access is required.

JEFCOED ACCEPTABLE USE AGREEMENT
The Technology Acceptable Use Agreement (AUA) applies to all technology resources owned, leased,
operated, or maintained by the Board, regardless of the physical location of the resource or the user. It also
applies to student use of all personally owned devices and technology resources (regardless of ownership)
brought onto school grounds or to school activities during school hours or at school functions. Violations of
the AUA and/or Board policy may result in suspension or termination of network or computer privileges,
disciplinary action, and/or appropriate legal action. Each student and his or her parent or custodian will be
solely responsible for unauthorized use of the Board’s technology resources, and will bear any cost resulting
from or associated with such unauthorized use or misuse including, but not limited to, any and all damages,
restitution, liabilities, and costs of defense incurred by the Board.

In exchange for access to and use of the Jefferson County Board of Education technology resources, I agree
to abide by the Technology Acceptable Use Agreement and all Board policies, rules, and regulations
regarding the use of technology. My signature on the Notice of Receipt page in the Code of Student Conduct
indicates that I have received, understand and agree to all of the following terms, conditions and
requirements:

fide educational and school-related purposes. All technology resources are the property of the
Jefferson County Board of Education, and any use is by permission only.

A. The use of all Board technology resources is a privilege, not a right, and inappropriate use will result in

any technology resource security system, either with or without malicious intent. Individuals identified as a real or suspected security risk may be denied access.

D. A user may not copy software, programs, source code, data, or any other computer resource for unauthorized or unlicensed use. A user may not modify or delete computer data or information of another user or the school.

E. Modification or alteration of the Board’s resources without authorization of the school principal or his or her designee is strictly prohibited. Users may not modify system settings or install software without specific authorization from the principal or his or her designee.

C. Student access to the Internet will be restricted in compliance with Children’s Internet Protection Act (CIPA) regulations and Board policies. The Board has implemented filtering software and other security measures designed to block and prohibit access to inappropriate materials based on CIPA guidelines.

D. The Board may also utilize monitoring software to control and monitor access to its system and the Internet and to further the safety and security of its users. Any attempt to disable, modify or circumvent this software or other limiting device is strictly prohibited.

E. Successful or unsuccessful attempts to bypass Internet or network filters by using proxies or other resources are a violation of this agreement.

F. Faculty and staff should screen all Internet resources before distributing them for use for instructional purposes.

Privacy and Personal Safety
A. There is no right or expectation of privacy in any Board technology resource, and the Board will monitor Internet use, network use, electronic mail, or any other use of its technology resources without limitation. Copyright and Plagiarism
A. All users are expected to abide by copyright laws and to follow the Fair Use Guidelines for Educational Multimedia. If students do not know if use of online material is legal or ethical, ask teachers or administrators for guidance.

B. Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Research conducted via the Internet should be appropriately cited, giving credit to the original author.

Cyberbullying
A. Cyberbullying will not be tolerated. Engaging in these behaviors will result in disciplinary actions and loss of privileges.

B. Examples of cyberbullying include but are not limited to harassment, intimidation, threats, impersonation, insults, displaying offensive pictures, or lewd behavior.

Education of Students
A. The Board provides ongoing education to all students concerning appropriate online behavior, including appropriate interaction with individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

B. Students are expected to adhere to specific classroom guidance and directives, as well as to the letter and spirit of this AUA and other Board policies. Use good judgment, and ask if you don’t know.

Online Collaborative Systems
The Board provides valuable online learning resources to employees and students. These resources promote collaboration and provide a controlled environment for course content. Examples of online collaborative systems used by the Board include, but are not limited to, Google Apps for Education and Clever.

**CELL PHONE POSSESSION AND USE**

The Jefferson County Board permits students to bring cell phones to school as authorized by the local school administration. Use of cell phones and wearable technology used for phone purposes is permitted for educational use (see BYOD).
Cell phone possession or use in an inappropriate manner which does not follow the BYOD guidelines, will result in the following. The device will be taken from the student, and placed in an appropriate location until the parent reclaims it. A parent may reclaim any cell phone so taken during the hours specified by the school administrator. The school system, which includes the school, administrator, teacher or staff member, shall not assume responsibility for theft, loss, or damage to any personal/wireless communication device, even for cell phones that are taken. If the phone is suspected to contain illegal or inappropriate material, the administrator has the right to inspect the contents of the phone. Any illegal or inappropriate material found on the phone may lead to further disciplinary action.

Violation of the rules regarding cell phone possession will be considered a Class I infraction (possession during the school day), Class I infraction (use during the school day or on a school bus), or Class III infraction (where context or manner of the use falls properly in the Class III infraction category), depending on the nature of the rule violated.

Cell phone use is prohibited during the school day unless used for educational purposes with the support of the local administration

Cell phones brought to school must be stored appropriately, either in the student’s backpack, locker, personal vehicle, and/or a designated place assigned by the administrator when not being used for educational purposes. **Cell phone use is prohibited during the school day (which is usually the time students arrive at school until dismissal) and anytime students are being transported on a school bus unless specific permission is given by a certificated school board employee.**

**Use of Digital Device during the Administration of a Secure Test**

**Student Policy**

The possession of digital devices (including, but not limited to, cell phones, Apple watches with cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student’s test will be invalidated.

Additional disciplinary action may be taken by the LEA.

**MEDIA AND WEB RELEASE**

**Media Release**

The school and/or school district may publish the image and/or intellectual property of students in order to enhance individual, group, school, or system-wide accomplishments. Intellectual property includes, but is not limited to, photographs, audio/video productions, and other written and graphic works. These reproductions can be used to publicize/promote the child’s school or the school district through the commercial print or television media and through its own media productions. This also includes school yearbooks, school newspapers, and programs for school events such as athletics, choral, and band.

Unless parents notify the school in writing that they do not grant JEFCOED the right and permission to publish their child’s image and/or intellectual property, these images and/or intellectual property may be used for publication, broadcast, or reproduction without limitations, or reservation, or any fee. Notification must be made within 15 days of enrollment.
Web Release

A teacher, the school, and/or the school district may publish the image and/or intellectual property of students to various official websites operated by the district, including official online school newspapers and/or social media pages. Intellectual property includes, but is not limited to, photographs, audio/video productions, and other written and graphic works. The intent of such postings is to report school or district news and to enhance individual, group, school, or system-wide accomplishments.

In addition, many teachers now use blogs or other online learning management programs as a means of having students submit comments and intellectual property as a modern-day method of engaging students in learning. In some cases, the work that students submit to these blogs is readable by the general public. Students are instructed never to use their full name in such postings.

Unless parents notify the school in writing that they do not grant JEFCOED the right and permission to publish their child’s image and/or intellectual property on its various official websites, online school newspapers, official social media pages, and official teacher blogs, then these images and/or intellectual property may be used in web publications without limitations, or reservation, or any fee. Notification must be made within 15 days of enrollment.

Online School Newspapers

As a general practice, teachers are instructed never to publish a minor child’s individual, identifiable photograph along with their full first and last name to any website. However, in the case of official online school newspapers, the school may naturally wish to publish the student’s full name and picture. Parents who do not wish their child’s full name and identifiable picture to be used in an official school newspaper must also notify the school in writing within 15 days of enrollment.

JEFCOED ATTENDANCE ZONE AND TRANSFER INFORMATION

The Jefferson County School District serves approximately 36,000 students in its schools. Students are assigned to schools based on attendance zones. A student may only attend a school other than his or her zoned school if he or she is eligible for a transfer. The Board has adopted transfer guidelines, approved by the United States District Court, which are attached. This transfer information will help clarify what to expect regarding school transfers.

Transfers may only be secured for a student by application to the Board. The Board has developed a transfer application form which must be completed in full, signed, and submitted to the Department of Student Services by June 1. An application is available at www.jefcoed.com and must be received by the Department of Student Services by the deadline, or it will not be approved. Late applications will not be accepted except in the following circumstances:

A. Substantial hardships which arise after the deadline for submission.
B. An employee hired after the application deadline may submit an application after the deadline. Said application must be received by Student Services within fourteen days of the effective date of hire.
C. If an individual moves into the district from outside of the district after the deadline, an application may be submitted within fourteen days of establishing residency. Proof of establishment of residency must be attached to any such application.

Delays due to unforeseeable circumstances will not excuse a late application. Additional information and instructions may be found on the application itself, which is available at all local schools, the Department of Student Services, and on the internet at www.jefcoed.com.

There are three (3) categories of transfers which are available to students:

1. **Substantial hardship transfer.** Substantial hardship transfers are transfers granted as a result of a substantial, extraordinary, and compelling hardship which is unique to the student or his or her family. Situations which justify a hardship transfer are exceedingly rare. They have been granted in the past for students displaced by fire, tornado, or natural disaster, for those with medical emergencies, or for other family crisis. Hardship transfers are not available to those experiencing problems shared by many such as transportation difficulties, daycare, housing issues, social issues, or the desire to attend a school to be with family, friends, or for a
change of environment. Hardships must be supported by detailed documentation, and will be evaluated by the Director of Student Services.

2. *Racial desegregation transfers.* Racial desegregation transfers are transfers which help the school district meet its court ordered desegregation obligations. These transfers are evaluated utilizing court-approved criteria, and are designed to help each school in the system move closer to the system-wide racial composition. Desegregation transfers are available to students of all races, and depend on the ethnic compositions of both the school from which the student is transferring and the school to which the student wants to transfer. Availability of racial desegregation transfers at specific schools will change from year to year as space and demographics allow. Parents are encouraged to contact the Department of Student Services for information regarding the availability of racial desegregation transfers.

3. *Employee transfer.* Employee transfers are available to children of Board employees under certain circumstances outlined more specifically in the official guidelines. The employee must be the child’s legal and custodial parent or guardian, and the child must reside with the employee. This transfer is also contingent upon available space at the desired school.

Each transfer applicant must fall within one of the above categories to be approved. All approved transfers are good for one year and one year only. Accordingly, timely application must be submitted to the Board before June 1 of every year. Hardship transfers will be re-evaluated every year, as will employee transfers. Racial desegregation transfers from one Jefferson County school to another Jefferson County school will be automatically re-approved from year to year as long as the student does not move up to a different facility, the student meets academic, attendance, and behavior requirements, and an application is submitted each year by the deadline.

Transfers between other school districts and the Jefferson County School System must also fall within one of the three named categories to be approved. Racial desegregation transfers to the Jefferson County System will require a release and the payment of tuition. Racial desegregation transfers out of the Jefferson County School System will also require a release and may require tuition to the receiving school, depending on that Board’s policy. For applicants to Jefferson County, the release must be submitted with the transfer application. If the application meets criteria for approval, it will be selected for approval, pending the payment in full of tuition. These transfers are only valid for one year. Tuition payments must be paid in full by established deadlines. Any payment accepted after the established deadline will be subject to a ten percent (10%) penalty.

There are a few exceptions to the transfer procedures. The Board recognizes that a move during the school year can be disruptive to a student’s academic progress if the student is required to immediately change schools. A student whose family moves will be allowed to stay in his or her current school for the remainder of the school year if the student moved at least four weeks after the school year begins, the student meets attendance, behavior, and academic criteria, there is space available, and the parent completes a **Change of Address Form** and submits it to the Department of Student Services within fourteen days of the move. Tuition will be required for students moving out of the Jefferson County School District that wish to finish the school year at their current school. These forms are available at all local schools and the Department of Student Services. If the form is not submitted in a timely manner, the student will have to attend school immediately in his or her new zone. This exception only applies to the same school year in which the move occurred, except that 11th grade students who move will be allowed to finish their senior (12th grade) year also, subject to the above criteria.

Transportation is not provided for any transfer students, students who remain in a school pursuant to the “moving exception,” or any other student who is out of his or her zone. Moreover, all approved out-of-zone placements, including transfer students and students who have moved, are subject to immediate revocation or denial if the student does not meet all of the following:

1. **Regular attendance** – student may not exceed the number of absences allowed per semester to receive credit for the semester.
2. **Satisfactory grades** – student must not receive “D” or “F” for the school year in any class.
3. **Satisfactory behavior** – student must not be determined to have committed a Class III infraction.

The Department of Student Services is ultimately responsible for making transfer decisions, and the Department reserves the right to approve transfers but to an alternative school consistent with the court
approved criteria. Transfers may only be granted according to court approved procedures, and may not be approved by the local school principal, teachers, or other unauthorized employees. The court has not permitted Board employees to deviate or make exceptions to the approved procedures, and any request for a Board employee to do so will violate the court’s orders.

There are no appeals of decisions made on most transfers, as the transfers are approved or denied utilizing defined court approved criteria. Hardship transfers, however, involve discretion and the Board has a committee established to hear appeals of those denials. More information will be available about appeals at the time transfer applications are being evaluated during the summer.

All parents should review this information and all court-approved guidelines carefully. Parents should then acknowledge receipt of this information by signing where indicated on the attached acknowledgment form.

The Department of Student Services will be available to answer questions about student assignment and transfer procedures. All questions, correspondence, applications, or other forms should be submitted to the following:

JEFCOED
COURT APPROVED TRANSFER GUIDELINES

Every student in the Jefferson County School System will be required to attend the school serving the attendance zone in which he or she resides, unless he or she is eligible for a transfer.

A. Transfers are limited to the following three categories:
   1. Substantial Hardship Transfer;
   2. Racial Desegregation Transfer; and
   3. Employee Transfer.

B. A racial desegregation transfer will be allowed if there is space available and if:
   1. The transfer will have the effect of moving the racial composition of both the sending and receiving schools closer to the district-wide racial composition; or
   2. The transfer will have the effect of moving one of the schools closer to the district-wide racial composition without negatively impacting the other school; that is, without moving either the sending or receiving school outside a range of percentage points around the district-wide racial composition.

C. An employee transfer may be approved if:
   1. The student’s parent or custodian is employed by the Board on a full time basis;
   2. The student resides with the employee parent or custodian and the employee parent or custodian has custody of the student; and
   3. Space is available at the school to which the transfer is sought.

D. A substantial hardship transfer may be approved if:
   1. The student or student’s family demonstrates a substantial, extraordinary and compelling hardship; and
   2. The hardship is unique to the student or his/her family.

E. An inter-district racial desegregation transfer will be allowed if there is space available and if:
   1. The transfer will have the effect of moving the racial composition of the Jefferson County school closer to the district-wide racial composition of Jefferson County;
   2. The student requesting the transfer has obtained and timely submitted a release;
   3. The student meets all tuition requirements of the school systems involved.

F. The other city or county school system has not indicated to the Jefferson County School Board that granting the transfer will impede desegregation at its sending or receiving school or conflict with any obligations that the city or county school system may have under desegregation or other judicial decrees.
G. All transfers and exemptions (See “H & I”) will be subject to the following and may be revoked or denied if all are not met:

1. **Regular attendance** – Student may not exceed the number of absences allowed per semester to receive credit for that semester.
2. **Satisfactory grades** – Student must not receive a “D” or an “F” for the school year in any class.
3. **Satisfactory behavior** – Student must not be determined to have committed a “Class III” infraction (See Code of Student Conduct).

H. A student who moves during the school year may continue to attend the school he or she started in that school year, provided that:

1. The student moved at least four weeks after school started;
2. The student and parents complete a “change of address” form and submit it to the Office of Student Services within fourteen days of the establishment of the new residence;
3. The Student meets attendance, academic, and behavior criteria; and
4. Space continues to be available at the school where he or she started the school year.

If a student moves during his or her junior (11th grade) year and meets the above conditions, the student may also continue to attend the same school during his or her senior (12th grade) year.

I. A student who was given an exemption from the transfer requirements for the 2001-2002 school year, either as “grandfathered” students or by court order, shall be allowed to continue in his or her current placement until one or more of the following occurs:

1. The student changes his or her residence to a different attendance zone;
2. The student advances to a terminal grade level (e.g., grades six or nine); or
3. The student advances to a different school facility (changes school or campus location).

J. A student receiving exceptional education services or accommodations under §504 or IDEA may be assigned to a school outside of his or her attendance zone, if necessary, to meet the Board’s obligations under state and federal law.

K. Racial desegregation transfers that have been approved for one school year shall also be approved for the succeeding school years, if:

1. The transfer is an intra-district transfer (from one Jefferson County school to another);
2. The student has not moved up to a different school serving a different grade level than the school to which the transfer was previously granted;
3. The applicant submits a completed application by the deadline; and
4. The applicant meets the attendance, academic, and behavior requirements set forth in “G” above.

Jefferson County Board of Education
Notification of Parent and Student Rights:
Family Educational Rights and Privacy Act (FERPA)
Protection of Pupil Rights Amendment (PPRA)

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

- **The right to inspect and review the student's educational records within 45 days of the day the school receives a request for access.**

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- **The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate.**

Parents or eligible students may ask the school to amend a record they believe is inaccurate by notifying the school principal in writing. The request must clearly identify the part of the record to be amended and must specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or
eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Information regarding the hearing procedures will be provided to the parent or eligible student at the time of this notification.

- **The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.**

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- State and local authorities, within a juvenile justice system, pursuant to specific State law;
- To comply with a judicial order or lawfully issued subpoena; and
- Appropriate officials in cases of health and safety emergencies.

Jefferson County Board of Education school administrators will transfer upon request all education records, including disciplinary records, with respect to a suspension or expulsion, to any private or public elementary school or secondary school for any student who is enrolled or seeks, intends, or is instructed to enroll on a full or part-time basis.

School Districts, with certain exceptions, must obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, school districts may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary. The primary purpose of directory information is to allow the school district to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Additionally, parents have the right to inspect, upon request, any instrument used in the collection of information as described above. This inspection will be scheduled within 45 days of the day the school receives such a request in writing.

The Jefferson County Board of Education has designated the following information as Directory Information:

- Student’s or parent’s name;
- Address;
- Telephone listing;
- Participation in officially recognized activities and sports;
- Weight and height of members of athletic teams;
- Electronic mail address;
- Photograph;
- Diplomas, honors, and awards received;
- Date and place of birth;
- Dates of attendance;
- Grade level;
- Most recent educational agency or institution attended.

The use of directory information by Jefferson County Schools is for educational purposes and for the benefit and enhancement of educational programs.
Parents and eligible students have the right to request that directory information not be disclosed by contacting the school principal \textit{in writing} no later than fifteen (15) days of the beginning of the school year or within (15) days after enrollment in school, whichever is later.

Parents should know that schools may, upon request, provide military recruiters the same access to secondary school students as provided to postsecondary institutions or to prospective employers; and must provide student’s names, addresses, and telephone listings to military recruiters, when requested, unless a parent has “opted” out of providing such information. Parents of Jefferson County School students and eligible students wishing to “opt” out must notify the school principal in writing no later than fifteen (15) days after receipt of this notice each school each year.

- Parents should know that schools and contractors must obtain prior written parental consent before minor students are \textbf{required} to participate in any ED-funded survey, analysis, or evaluation that reveals information concerning:
  - Political affiliations or beliefs of the student or the student’s parent;
  - Mental and psychological problems of the student or the student’s family;
  - Sex behavior or attitudes;
  - Illegal, anti-social, self-incriminating, or demeaning behavior;
  - Critical appraisals of other individuals with whom respondents have close family relationships;
  - Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
  - Religious practices, affiliations, or beliefs of the student or student’s parent;
  - Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Additionally, schools and contractors must make instructional materials available for inspection by parents if those materials will be used in connection with an ED-funded survey, analysis, or evaluation in which their children participate.

- Parents have the right to inspect, upon request, a survey created by a third party (non-Department of Education funded), if the survey contains one or more of the eight items of information noted above, before the survey is administered or distributed by a school to students. This inspection will be scheduled within 45 days of the day the school receives such a request.

- Parents have the right to opt out of (deny permission for their child) activities involving the collection and disclosure of personal information from students for marketing purposes or for selling that information, or otherwise providing that information to others for that purpose. However, this right does not apply to the collection, disclosure or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:
  - college or other postsecondary education recruitment, or military recruitment;
  - book clubs, magazines, and programs providing access to low-cost literacy products;
  - curriculum and instructional materials used by elementary schools and secondary schools;
  - tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students;
  - the sale by students of products or services to raise funds for school-related or education-related activities; and
  - student recognition programs.

- Parents have the right to opt out of (deny permission for their child) participation in the administration of any third party (non-Department of Education funded) survey containing one or more of the above described eight items of information. \textbf{Parents wishing to opt out must notify the school administrator in writing within fifteen (15) days receipt of notice of survey(s) or by the designated due date.}

The Jefferson County Board of Education will make arrangements to protect student privacy in the event of the administration of a survey to students.

- Parents have the right to inspect, upon written request to the school principal, any instructional material used as part of the educational curriculum for students. This inspection will be scheduled within 45 days of the day the school receives such a written request.
Parents have the opportunity to “opt out” of the administration of physical examinations or screenings that are non-emergency or invasive and are 1) required as a condition of attendance; 2) administered by the school and scheduled by the school in advance; AND 3) NOT necessary to protect the immediate health and safety of the student, or of other students. (Invasive physical examination is defined as any medical examination that involves the exposure of private body parts, or any act during such an examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.) Jefferson County Schools do not conduct invasive physical examinations or screenings.

Vision, hearing and scoliosis screenings are scheduled throughout the school year in Jefferson County Schools. Please contact your school regarding these screenings. Parents wishing to “opt out” of health screenings must notify the school principal in writing within fifteen (15) days of receipt of this notice or upon written notification of a scheduled screening. “Opt Out” forms are available at all schools and on the Jefferson County Schools web site.

Parents have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the Jefferson County School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is as follows:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

DISCIPLINE

The Jefferson County Board of Education may take all necessary action to ensure that its facilities are safe and secure and that this Code of Conduct is enforced. Such action may include the inspection and search of Board facilities and property brought onto Board facilities. The driver of the vehicle is responsible for any inappropriate item that is found in a vehicle on JEFCOED property. Students and others may be asked to walk through a metal detection device or to allow a search of personal property in conjunction with attendance at any Board-related event or when entering Board property. Any person who refuses will be denied admission to the Board facility and will be required to leave the premises immediately. It shall be the policy of the Jefferson County Board of Education to permit law enforcement agencies to make periodic visits to Jefferson County schools for the purpose of detecting the presence of illegal drugs. Such visits shall be unannounced except to the superintendent of schools and principals of the individual schools that are subject to visitation. The Board will also utilize a narcotic detection dog to deter individuals from bringing illegal narcotics onto school property. The dog will be utilized to conduct routine random searches on school property including, but not limited to, school lockers, school classrooms, and school parking areas. Anything on or in Board property is subject to inspection by the Board to enforce this Code of Student Conduct and to effectuate its purposes, subject only to any restrictions which may be imposed by federal, state, or local law.

Violations of the Jefferson County Board of Education’s Code of Student Conduct are generally grouped into three (3) classes — Minor, Classroom Managed Behaviors (Class I), Class II incidents, and Class III infractions. The disciplinary procedures for each reflect a system of graduated and matched consequences depending on the intensity and frequency of a problem behavior.

All Class I behaviors will be handled by the classroom teacher without the student being sent to the administrator. All Class II incidents are major violations and are subject to student suspension. Class III infractions are serious violations of the Code of Conduct or are unlawful and will result in alternative education placement.

When a student is referred to the principal or his or her designee, the principal will then have the discretion to determine the nature and classification of the infraction committed by the student according to the Code of Conduct. Each student will be allowed to provide an explanation — to admit or refute any charges — prior to any final disciplinary action taken.

For any infraction for which an in-school parental conference is required, it is the parent’s or custodian’s responsibility to make arrangements for the conference within forty-eight (48) hours of being notified of the problem.
For infractions which are being investigated as a Class III infraction, a disciplinary hearing will be held and the student will be notified of the hearing. It should be noted that any statement the student makes may be used to prove the student’s culpability regarding the charge. Any incidents involving alcohol, drugs, weapons, physical violence, or a suspected crime may result in intervention by law enforcement authorities or the Department of Human Resources. Any items of a dangerous or illegal nature may be confiscated and turned over to law enforcement authorities immediately.

If the principal or his or her designee believes the student to have committed a Class III Infraction, the student will be suspended, pending a hearing with the Jefferson County Board of Education’s Student Services Department. This suspension is often called a “Suspension to the Student Services Department”. The administrative hearing with the Student Services Department is to determine both whether a student committed the charged infractions and if so, the appropriate disciplinary action which should be taken. Only the parent having primary physical custody, or the parent listed on the birth certificate, or the court appointed legal guardian will be allowed to attend the Class III Hearing.

All suspensions subject to an administrative hearing will remain in full force and effect until either an administrative hearing is held or the student is expelled. The local school administration will set up a time for the parent, student, and school administrator to meet for an administrative hearing with a Student Services supervisor. School officials should forward a copy of the Due Process Referral Form for Class III Infractions and other pertinent information to the office of the Director of Student Services.

DISCIPLINARY ACTION DEFINITIONS

This Code of Student Conduct prescribes that certain disciplinary action may be taken in response to student problem behavior. The following descriptions should provide explicit explanations of ways discipline may be applied.

- **Required In-School Parental Conference**: A required in-school parental conference is a meeting at the school with the principal or his or her designee, parent(s), or custodian and student to resolve the disciplinary problem. After notification of the problem, it is the parent(s)’ or custodian(s)’ responsibility to make arrangements for the conference within forty-eight (48) hours.

- **Detention**: Assignment to a designated room on a school campus, either outside the regular school day or during the regular school day, for a specified period of time. A failure to comply with school detention procedures will result in additional disciplinary action.

- **Suspension**: Suspension is a temporary removal of a student from his or her regular program and from the school. When suspended, a student is prohibited from entering into any Jefferson County public school property and from attending or participating in school or Board-related activities (for example, athletic events, cheerleading, plays, concerts, practices, etc.) even if the activity is held off school grounds. Violation of this rule will result in additional charges of trespassing against the student. The number of all out of school suspensions are noted on the annual SIR report (Alabama School Incident report) that each system is required to submit to the State Department of Education. School suspensions that occur anytime during the school year are noted on this report. Local school suspensions will affect a student’s opportunity to participate in certain school activities and exemptions from exams throughout the school year. Graduating seniors who are under suspension at the time of graduation may be denied participation in the commencement exercises.

- **School Bus Suspension**: School bus suspension is the denial of the privilege of being allowed to ride a school bus, based on conduct generally occurring while a student is riding, preparing to ride, waiting to ride or traveling to ride a public school bus.

- **Driving Privilege Suspension**: The driving of vehicles to school by students is considered a privilege. Driving privileges may be revoked at the discretion of the principal.

- **Off-Campus Educational Programs**: Students are subject to expulsion on any Class III infraction; however, at the Board hearing, a student may receive a REACH assignment as a discipline consequence as an alternative to being expelled. The REACH
program is located at the Jefferson County Learning and Counseling Center in Ketona. A student may likewise be assigned to short-term detention at a regional site. REACH is a short-term program with an academic focus designed to allow students to catch up on class work while working on behavioral issues. Any student assigned to the Board’s off campus programs will be prohibited from entering onto any Board property other than the location to which the student is assigned, and from attending or participating in any local school or Board activities which are not made a part of the student’s assignment in the program, whether on or off school or Board grounds.

Consequences for Class III infractions are carried over from year to year and school to school within Jefferson County Schools.

- **Expulsion:** Expulsion is the removal of a student from the Jefferson County school system. An expelled student shall not attend Jefferson County schools, enter onto any Board property, or attend or participate in any school or Board-related activities, regardless of the nature or location of the activity. Any student removed from the school system who is found in violation of the above will be considered trespassing.

Students returning from a one-year expulsion will be required to complete a semester in the Independent Study Program at the Jefferson County Counseling and Learning Center before returning to their assigned school.

- **Discipline - Exceptional Education:** For students with disabilities as defined by law, the procedures and consequences specified in this Code of Student Conduct may be modified on a case-by-case basis based upon the unique circumstances, the student’s disability, the student’s IEP, or the requirements of federal or state law. In all cases, this Code of Student Conduct will be construed and applied so as to comport with applicable laws and regulations governing the discipline of students with disabilities. Suspensions of students with disabilities shall conform to generally applicable substantive and procedural criteria. However, suspensions that exceed ten (10) consecutive school days or otherwise constitute a change of placement shall not be implemented without prior consultation with the Exceptional Education Department. Disciplinary action resulting in permanent or indefinite cessation of educational services for a student with disabilities should not be approved without prior consultation with the Exceptional Education Department. Refer to “Discipline of the Exceptional Education Student” compiled by the Exceptional Education Department.

**APPEALS**

Students charged and disciplined under Class I or Class II procedures will not have the right to appeal any decision beyond the local school level. However, students charged under the Class III schedule may request an appeal of the decision of the Student Services Hearing Officer by contacting the office of the Director of Student Services within five days of the hearing. While awaiting an appeal, the student is expected to begin his or her assignment at the Jefferson County Counseling and Learning Center as days missed from school after the original hearing date are unexcused.

**SCHOOL BUS CODE**

The School Bus Code has been adopted to enhance safety for all students, board staff, and the general public. The school bus is considered an extension of the classroom and all Jefferson County Board of Education rules apply while being transported and while waiting at the bus stops. The violation of any school bus rule may result in suspension from the bus in addition to any other disciplinary action prescribed in this Code of Student Conduct.

1. Transportation services are a privilege, not a right.
2. Transportation is available to all Jefferson County students that live beyond the legally prescribed two (2) mile walking distance from their zoned school.
3. Students will be assigned to a particular school bus by the appropriate transportation personnel. Students are not permitted to ride any bus other than their regularly assigned bus without written permission from a school administrator.
4. Each student will ordinarily be transported to or from a bus stop in proximity to his or her residence. If a student is to be transported from school to an address other than his/her residence, he/she must go to the same address every day.

5. There will be no transportation provided for students wishing to go to another address for occasional visits, parties, extracurricular activities or other social events, except upon written request by the student’s parent or guardian and specific written permission from a school administrator.

6. The location of bus stops shall be determined at the sole discretion of the Transportation Department. All requests for a new/changed bus stop location must be made in writing to the school principal and then forwarded to the Transportation Department. The Transportation Department will make the final decision after conferring with the local school principal.

7. Only students living along a bus route will be assigned to the bus serving that route. Other students will not be allowed to ride unless written permission is obtained from the appropriate transportation personnel.

8. If a student misses the bus at their assigned stop, they should find other means of transportation to school on that occasion and never chase a bus down to another stop. This creates a very dangerous situation for the student which could result in serious injury. Chasing a bus down to board at another stop may result in a bus suspension.

9. In emergency situations, the Transportation Department reserves the right to change bus routes in order to get all the children home in a timely and safe manner. This may include combining double-run routes into single-run routes which could result in elementary and high school students riding the bus together in these instances.

10. In situations deemed as emergencies by the Superintendent, students may be transported by a school bus from their school to another location.

11. **BUS EXPECTATIONS:**
   A. Walk on the left, facing traffic, to the bus stop and stay off roadway at all times while waiting for a bus.
   B. Be at your stop ahead of the scheduled bus arrival time and prepared to board the bus.
   C. Wait until a bus comes to a COMPLETE stop and a signal from the driver before attempting to get on or off.
   D. Cross the roadway, if necessary after leaving a bus, in the following manner:
      i. Make certain that the bus is stationary.
      ii. Upon alighting from the bus, stand on the side of the road at a point ten (10) feet in front of the bus and wait for proper signal to cross.
      iii. Upon signal from driver, look to both the right and left and proceed across the roadway in front of the bus. Never cross behind the bus!
   E. Stay seated in your assigned seat at all times.
   F. No food or drink on the bus.
   G. No talking during railroad crossings

   **Video cameras may be placed on school buses to be used as a tool for school personnel to monitor behavior, and shall not limit the bus driver’s authority or the discretion of school officials in implementing and enforcing the provisions of the Code of Conduct and this School Bus Code.**

   Any carry-on equipment (i.e., book bags, band instruments or uniforms, sports equipment, science projects, school fundraiser items, etc.) must be held by the student owner or placed under the seat and must not interfere with either the seating or the safety of other students on the bus.

   **Transportation is NOT provided for transfer students.**

**DISCIPLINARY INCIDENT DEFINITIONS FOR TRANSPORTED STUDENTS**

Every student who utilizes transportation services is subject to the Jefferson County Code of Student Conduct. **Failure to comply with the following rules may result in an office referral and may result in permanent removal from the bus.** Generally, there is no appeal of discipline actions for minor bus infractions. However, if a student is to be removed from the bus for more than four (4) weeks, parents may request a hearing with the school principal or his or her designee.
