			941208		Emergency Medical Technician (EMT)
			410006		Construction Site Preparation

My parents and I have given careful consideration to the school program of studies and together have selected the courses listed for next school year. We understand that the subject selected will be for the entire school year (Board Policy). We also understand that if this sheet isn't returned, signed by both myself and a parent, that my courses may be selected for me based on availability.
